## SPECIAL NOTICES.

Sloan's Ointment. We would call attention to the advertisement in our columns, of this popular and truly Great Remedy. We have witnessed its extraordinary virtue in a varity of obstinate cases, and heard of many cures it has performed, that really appear incredible, were they not testified to by persons of veracity. For obstinate old sores of every kind, fresh wounds, burns, corps, sore nipples or broken breasts, it has no equal. And for piles it is warranted to cure every case,

It would hardly do for any one to have the temerity now a-days to question the excellence of Dr. Ho fland's German Bitters, which are prepared by Dr. C. M. Jackson. In cases of dyspepsia, liver complant, and derang-ment of the digestive organs, their many virtues have long since been made plainly apparent. They purge from the system the morbid humors which retard their natural functions, and bring paleness to the cheek and suffering to the brow. They banish those clogs upon happiness, and restore the system to high health.

THE GREAT QUESTION: Will you consider the sub-ject of Personal Religion? 170 pp. 12mo. To Pastors, Farents and Teachers, this volume will prove a seasonable and valuable help.

"It is an every day occurrence, to meet with persons who 'feel no interest' in the subject of religion and who, on this graund, excuse themselves from giving their attention to it. I have in very many instances wanted some suitable book to place in the hands of persons of this description.

"Within a certain broad and comprehensive sphere, Baxter's Call, Alleine's Alarm, Doddridge's Rive and Progress, or Halpburton's Gress Concern of Salvation, might answes the purpose. But with a great number of individuals, not one of these admirable works could be used with any hope of its being read.

"It is hoped that the present volume will prove an acceptable offer ng to some who are either neglecting their own duty, or who have friends to whom they would like to propose the question—'Will you consider the subject of Personal Religion I'."

Important to Consumers of White Lead

FRAUD IN WEIGHT. PENNSYLVANIA WHITE LEAD WORES, & Pittsburgh, June, 1854.

THE attention of consumers of White Lead is called to the fact that a large portion of that article ground in

permanent care of

oil is now put up in kegs purporting to contain 25 and 50 pounds each, whereas there is no allowance usade for the weight of the kegs, and the consumer is defrauded to that amount. The deception can easily be deserted by weighing the different manufacturers' brands offered for sale. During the past year we have made extensive additions to our buildings, machinery and stock, for the manufacture of large quantities of White Lead, to enable us to supply the demand for our article. We guaranty all Lead bearing our brand to be strictly pure, as d entirely free from any adul-Our lead ground in oil, is put up in iron bound kegs of 25, 50, 100, 200, 800 and 500 pounds each, and every keg containing the quantity of lead which it purports—accurate tare being allowed for the packages.

It is a well known fact that the various qualities of lead branded "Extra" No 1 and No. 2, are largely adulterated with substitutes which are not calculated to answer the same purpose. And there are manufacturers claiming respectability for themseives, and public confidence in their article, who brand their kegs with their own names as "Pure White Lead," although they never turn out a keg without a considerable adulterat on of Barytes.
